25X1 SECRET -2-25X1 Comment. The Autobahn bridge at Frankfurt/Oder was included in the 1954 road bridge construction project. For latest report on this 25X1 project, The first bridge with one lane is scheduled to be completed by early 1955. The construction of a second bridge for the second lane is also planned. These plans have, however, not materialized. The sinking of caissons mentioned by source was probably not connected with intended construction work for a seond 25X1 Comment. It has been pointed out previous of road bridges over the Oder and Neisse Rivers, was ender 25X1 These bridges are for military reasons scheduled to be opened to traffic in 1955. Observations made so far indicate that the bridges will be completed according to schedule. 25X1
